And now a rant by Casey a.k.a Me

Gen Alpha sucks arse. Nowadays kids will like dumb shit like skibidi toilet like wtf is a fucking skibidi toilet. Not to mention they love to hate on the lgbtq and furies for no reason. Like STFU. As a transmale i will never even in my life ever detransion ever agian beacuse geuss what that ruined my life. So i'm proud to say that i'm a transman. And you can't change my mind or take that away from me. Being a transman save my life. And hating on furies is dumb af. Like my gf and my friends are all furies and i will support the furry community no matter what. Not to mention they support nazism as well. Like for fuck sake. Nazis where horrible fucked up people why would you want to idolize them. They also dickride andrew tate too. They even go as far as to mimic toxic masculinity from that mf. They also say dumb shit like ohio, rizz, sigma, gyatt and other dumb shit. And listen to shit music like phonk. Like bruh that type of music sucks. Thank fuck i grew up in the 2010's thank fuck i grew up on shit like mlpfim, lady gaga, katy perry, lbp, the wii, the 3ds, adventure time, regular show and other great shit and not this shit these dumbarse kids are into nowadays. And to those gen alphas WELCOME TO 2014 BITCH!!!! Where most shit was actually good and we didn't have nazi supports outside of horrible sites like 4chab and people where normal.
